Finance student who built the models a startup ran on: business plan, unit economics, cash forecasting. Nova SBE MiM (#2 FT 2026).

EDUCATION

Nova School of Business and Economics — MSc in Management (MiM) **Aug 2026 – Jan 2028**

- Ranked #2 globally in the Financial Times Masters in Management ranking 2026
- Coursework: Advanced Financial Management, Financial Statement Analysis, Investments, Statistical Analysis, Strategy

Università Cattolica del Sacro Cuore — BSc in Business and Market Economics **Sep 2022 – Nov 2025**

- Thesis: "Startup and innovation in the music industry: the AB Vision case", a full business plan with five-year financial projections

Saint Paul Lutheran High School — Exchange year, Missouri, USA **Sep 2020 – Jun 2021**

- Met the requirements for the American high-school diploma; Varsity Wrestling and Varsity Cross Country

WORK EXPERIENCE

Kolme (Computer Gross Group) — Finance & Treasury Operations Intern **Jan 2026 – Jul 2026**

- Built DSO/DPO models across three scopes and an automated receivables-aging system, reconciled to the trial balance; dashboards on overdue receivables, collection rate and credit exposure went to senior management
- Rebuilt SAP clearing chains to produce statements for a network of retail dealers across Italy
- Automated 11 recurring reconciliation and reporting processes in Python (SAP S/4HANA, e-invoicing, payment provider, bank and factoring files), removing 380–780 hours of manual work a year

AB Vision Music — Financial Controller & Board Member **Sep 2024 – Mar 2026**

- Wrote the business plan: market sizing (~30,000 emerging artists narrowing to 250 reachable in three years), quarterly cohort model, 15-month P&L, five-year projection and a seven-year debt amortisation schedule
- Modelled cost to serve by client tier: the top tier earned the thinnest closing-month margin (10.9%); a +20–25% repricing scenario lifted every tier to a 25–30% margin
- Solved the client mix as a linear program under team-hour constraints, raising monthly contribution by 22% with the same team
- Built a deal pipeline and a day-by-day cash calendar for ~20 artist clients, cutting inbound and outbound payment delays by ~30%

SANGI — Strategy support, Footwear Observatory **Mar 2025 – Mar 2026**

- Supported business planning and market analysis for the Footwear Observatory, now live in beta

LEADERSHIP & ACTIVITIES

Nova Skills Association — Operations Team **Sep 2026 – Present**

- Organising four speaker events for Nova students: AI as a tool, marketing, writing an academic paper, time management

Rowing — Canottieri Milano (2019 – 2020, 2021 – 2022) · Nova Rowing Club (2026 – Present)

- Three sessions a week in a discipline-focused youth programme; won my first official race on Milan's Naviglio canal
