Finance & data profile across treasury, credit control and portfolio analytics. Nova SBE MiM (#2 FT 2026).

EDUCATION

Nova School of Business and Economics — MSc in Management (MiM) **Aug 2026 – Jan 2028**

- Ranked #2 globally in the Financial Times Masters in Management ranking 2026
- Coursework: Investments, Financial Statement Analysis, Advanced Financial Management, Statistical Analysis, Strategy

Università Cattolica del Sacro Cuore — BSc in Business and Market Economics **Sep 2022 – Nov 2025**

- Thesis: "Startup and innovation in the music industry: the AB Vision case", a business plan with cohort model and five-year projections

Saint Paul Lutheran High School — Exchange year, Missouri, USA **Sep 2020 – Jun 2021**

- Met the requirements for the American high-school diploma; Varsity Wrestling and Varsity Cross Country

WORK EXPERIENCE

Kolme (Computer Gross Group) — Finance & Treasury Operations Intern **Jan 2026 – Jul 2026**

- Monitored working capital and credit risk: DSO/DPO across three scopes, automated receivables aging reconciled to the trial balance, and dashboards on overdue receivables, collection rate and credit exposure, used by senior management to prioritise recovery
- Automated treasury reconciliations in Python across bank, payment-provider and receivables-assignment (factoring) files, part of 11 processes that removed 380–780 hours of manual work a year
- Rebuilt SAP clearing chains to produce statements for a network of retail dealers across Italy

AB Vision Music — Financial Controller & Board Member **Sep 2024 – Mar 2026**

- Ran cash forecasting for a startup with high-risk receivables: day-by-day cash calendar and deal pipeline, cutting payment delays by ~30% across ~20 artist clients
- Modelled margin by client tier; a repricing scenario lifted closing-month margin from 10.9% to 25–30%
- Produced the monthly outlook and forecasts for the board

SANGI — Strategy support, Footwear Observatory **Mar 2025 – Mar 2026**

- Supported business planning and market analysis for the Footwear Observatory, now live in beta

PROJECTS

Portfolio P&L engine — React, Supabase **2026 – Present**

- Rebuilding my investment tracker into an app: parses Revolut and Crypto.com exports, pulls live prices and splits realised vs unrealised P&L

Catalyst Core — n8n, Gemini **2026 – Present**

- Automated workflow that writes me a daily briefing on markets, crypto and Financial Times news

LEADERSHIP & ACTIVITIES

Nova Skills Association — Operations Team **Sep 2026 – Present**

- Organising four speaker events for Nova students: AI as a tool, marketing, writing an academic paper, time management

Rowing — Canottieri Milano (2019 – 2020, 2021 – 2022) · Nova Rowing Club (2026 – Present)

- Three sessions a week in a discipline-focused youth programme; won my first official race on Milan's Naviglio canal
